

Cookie Policy

Last Updated: December 19, 2024

Welcome to BeMy.Digital, owned and operated by SUPER HOW, LTD d/b/a BeMy.Digital ("BeMy.Digital", "SUPER HOW?", "we," "us", or "our"). Our website BeMy.Digital (the "**Website**") uses a standard technology called "cookies" (see explanation below, "*What is a cookie?*") to collect information about how Website is used. The information collected by cookies may include the date and time of your visit, the pages viewed, the amount of time spent on our Website, and the websites visited before and immediately after our Website.

1. What is a cookie?

Cookies consist of small data files created and transmitted by a web server to a web browser. These files facilitate the collection of information about the user, allowing for a customized user experience. Additionally, certain cookies play a crucial role in security, including those used for authentication purposes.

We use cookies to give you the best possible experience on our Website. Please find more details on cookies used in our Website below:

2. We use the following cookies:

- **Technically required:** these are necessary for the operation of the Website to ensure a successful and secure login and provision of our services;
- **Functional:** to remember and recognize when you visit this Website and the choices and settings you have made for the automated personalization of the Website;
- **Targeted:** to collect specific data about your behaviour (interests, preferences, etc.) in order to provide you with relevant and targeted decisions or information.

The cookies mentioned above will be either session cookies or persistent cookies:

- **Session cookies:** Session cookies are only used during a web session. They disappear from your device when you close your browser or turn off your device.
- **Persistent cookies:** Persistent cookies remain on your device after you close your browser or turn off your device.

Cookie name	Purpose of the cookie	Collection of data	Duration	Type	Is data transferred to third parties?

svSession	to create a session for a user, allowing the Website to track the user's session across various pages for a cohesive experience	Data related to the user's session, such as session IDs, timestamps, and site interactions. This includes pages viewed, choices made on the Website, and time spent on the Website. The session ID is a unique identifier that does not personally identify the user outside the context of the Website	2 years	Persistent cookie Targeting cookie	No
hs	For security purposes	Cookie doesn't directly store personal information but instead hold a unique session identifier or token that references user data stored on the server	Expire at the end of a session (when the browser is closed)	Session cookie Necessary cookie	No
bSession	Used for session management by the Website (to keep users logged in and track their interactions with the site for the duration of their visit. This can	Data related to a user's session activity on the Website. This includes page views, clicks, and interactions that help the Website	30 minutes	Persistent cookie Necessary cookie	No

	improve user experience by maintaining session state across different pages	provide a personalized experience			
ssr-caching	To optimize website performance by caching content on the server side. It is designed to improve user experience by speeding up page loading times and making the Website more responsive	User's browsing session, such as pages visited, content interaction, and user preferences related to the content displayed	To expire at the end of a session (when the browser is closed)	Session cookie Necessary cookie	No

3. What if you do not want cookies to be used?

When you open our Website, you will be given the opportunity to consent to us placing cookies on your device as explained above. If you wish to remove existing cookies from your device, you can do so using your browser settings. If you wish to block the further placement of cookies on your device, you can also do this in your browser settings.

Please note that if you do not agree to the use of cookies, or if you delete or block them, your browsing experience will be affected as parts of the Website may no longer function. Our system will provide cookies as soon as you agree, unless you have set your browser settings to block cookies.
